IMI Sensors Launches Brochure Highlighting Diverse 603-Series Product Line
Family of ICP® Accelerometers Designed to Satisfy Most Industrial Vibration Monitoring Applications

December 4, 2015 DEPEW, NY – IMI Sensors, manufacturer of industrial vibration monitoring instrumentation, announced the release of new literature highlighting the 603-Series product line, a family of ICP® accelerometers designed with multiple options to satisfy most industrial vibration monitoring applications.

All of the sensors in the product line feature a shear-mode ceramic element housed in a rugged hermetically-welded stainless steel enclosure. All models include case-isolated electronics to eliminate noise issues.

The literature highlights the diversity of the line, which includes:

- Multiple sensitivity options available for both slow speed and impacting high speed applications.
- Integral polyurethane cable options available for submersible applications.
- Intrinsically safe and armored cable options available for hazardous environments.
- Dual output options available for simultaneous monitoring of both vibration and temperature.

The data sheet can be found at:

http://www.imi-sensors.com/contentStore/mktg/IMI_Downloads/IMI-603Series_LowRes.pdf.

For all technical inquiries and application support, please contact Meredith Christman at mchristman@pcb.com or 716-684-0003 x2071.

About IMI-Sensors

IMI Sensors, a division of PCB Piezotronics, manufactures industrial vibration monitoring instrumentation, such as accelerometers, vibration transmitters and switches. These sensors feature rugged stainless steel housings and survive in harsh environments like paper and steel mills, mines, gas turbines, water treatment facilities and power plants. Integrating with portable analyzers and PLC's, IMI instrumentation helps maintenance departments reduce downtime and protect critical machinery. Our Platinum Stock Products program ensures fast delivery of over 10,000 sensors that are in stock and covered by a Lifetime Warranty. With a customer support team of more than 30 Customer Service Representatives and Application Engineers, IMI proudly stands behind their products with the services you value most, including 24-hour technical support, a global distribution network, and the industry's only commitment to Total Customer Satisfaction. Visit us at www.imi-sensors.com.
